

# Medical Consultant RORCO Role Description

## DESCRIPTION OF ROLE

At Reach Out and Read Colorado, our goal is to transform the pediatric primary care setting by leveraging books and reading aloud as a catalyst for fostering positive parent-child interactions and healthy brain development in the critical first five years of life.

The medical champion plays a key role in the high-quality implementation of Reach Out and Read's evidence-based, clinical intervention. By setting the tone within their practice or health system, medical champions lead by example and coach clinical and non-clinical staff about the importance of partnering with parents to build strong parent-child relationships, families and communities.
